

WENHAO WU

Address: 1068 Xueyuan Avenue, Shenzhen University Town, Shenzhen, P.R.China

HomePage: <https://whwu95.github.io>, **Birthday:** 1995.5.18

E-mail: wh.wu@siat.ac.cn, **Phone:**+86-17520479500

EDUCATION

University of Chinese Academy of Sciences, China

September 2017 - June 2020

M.Eng. in Pattern Recognition and Intelligent System.

GPA: 3.77/4.0 (89.6/100)

Training Unit: **Shenzhen Institutes of Advanced Technology, CAS.**

Advisor: Prof. Shifeng Chen and Prof. Yu Qiao.

Central South University, China

September 2013 - June 2017

B.Eng. in Automation.

Overall GPA: 3.69/4.0 (87.31/100)

RESEARCH INTERESTS

Computer Vision: Action Recognition, Action Localization.

Machine Learning: Deep Learning, Reinforcement Learning.

RESEARCH EXPERIENCE

Baidu Research

September 2018 - Present

Institute of Deep Learning (IDL), Mentors: Xiao Tan, Dongliang He

Research Intern

- Propose an effective model on untrimmed video recognition task, which is based on a video frame sampling technique by reinforcement learning. (**Accepted as Oral in ICCV-2019**)
- Research on Dynamic Inference for Video Recognition. (Prepared for AAAI-2020)
- Awarded the Most Outstanding Intern.

iQIYI

June 2018 - September 2018

Video Analysis Group, Mentor: Yang Yang

Research Intern

- Research on 3D Convolutional Neural Network for Video Classification.
- To address the problem of I/O bottleneck when large scale video data is stored as encoded image format, i.e. JPEG, we develop a fast data loading method for decoding video on the fly in a data processing pipeline.

Samsung Research China

March 2018 - June 2018

Machine Learning Lab, Mentor: Zhenbo Luo

Research Intern

- Considering the cases when provided with limited computing resources, we integrate long-term and long-term temporal information base on 2D CNN on a large scale activity recognition dataset.
- As the major contributor to participate in the CVPR'18 ActivityNet Kinetics-600 challenge (Rank 8) and proposed a multi-stream network based on 2D CNN for video classification.

Shenzhen Institutes of Advanced Technology, CAS

September 2016 - August 2017

Multimedia Lab, Advisor: Prof. Shifeng Chen and Prof. Yu Qiao

Visiting Student

- As the major contributor to design a face recognition box and made it to a real-life portable device. At last, we won the prize of China Hi-Tech Fair 2018 Top 10 Popular Products as well as honored to be interviewed by CCTV.

Central South University

UAV Institute, Advisor: Prof. Chunhua Peng

August 2015 - March 2016

Research Assistant

- Programmed for the flight control of UAV with PID Algorithm
- We designed a long-endurance unmanned aerial vehicle as well as honored to be interviewed by CCTV.

Central South University

Smart Car Laboratory, Advisor: Prof. Ji Wang

March 2014 - July 2015

Research Assistant

- Lead the team to participate in the China Freescale Cup Intelligent Car Competition (2nd Prize).
- Completed a National College Students Innovation and Entrepreneurship Project as the project leader.

PUBLICATIONS

- **Wenhao Wu**, Dongliang He, Xiao Tan, Shifeng Chen and Shilei Wen, Multi-Agent Reinforcement Learning Based Frame Sampling for Effective Untrimmed Video Recognition, *International Conference on Computer Vision (ICCV)*, 2019 (**Oral Presentation.**)
- **Wenhao Wu**, Wenbo Chen, Zhenbo Luo. Samsung & SIAT Submission to ActivityNet Challenge 2018, *ActivityNet Large Scale Activity Recognition Challenge, CVPR'18 Workshop*, Utah, USA, 2018

CONTESTS

- The ActivityNet Challenge 2018 on CVPR'18: Trimmed Action Recognition (Kinetics). Rank 8. 2018
- First Prize of America Mathematical Contest In Modeling (Top 7%) 2016
- The 1st Prize in National Undergraduate Mechanical Innovation Design Competition 2016
- The 2nd Prize in China Freescale Cup Intelligent Car Competition (South China Region) 2015
- The 2nd Prize in Smart Car Racing Competition of Hunan Province 2015
- The 3rd Prize in Contemporary Undergraduate Mathematical Contest in Modeling (Hunan) 2015
- The 1st Prize in Smart Car Racing Competition of Central South University 2015

SELECTED HONORS AND AWARDS

- The Most Outstanding Intern in Baidu (only 2 recipient in the Department) 2019
- Scholarship for Academic Excellence of Shenzhen Institutes of Advanced Technology 2018
- Excellent Undergraduate Student of Central South University (Top 10%) 2017
- Outstanding Student of Central South University 2016
- National Endeavor Scholarship (Top 5%) 2016
- Excellent National College Students Innovation and Entrepreneurship Project 2016
- Excellent Student Cadre of Central South University 2015
- Excellent League Member of Central South University 2015
- Scholarship for Academic Excellence of Central South University 2014,2015,2016

ACADEMIC SERVICES

Conference Reviewer: ICCV-2019

CODE SKILLS

Python, Matlab, C/C++ and deep learning frameworks such as PyTorch, TensorFlow, Caffe.
